REFRESHER FOR THE ESTHETICIAN

Are you preparing to take your State Board Examination? Have you left the industry and intend to return or, do you simply want to revisit the essential skills of a successful esthetician?

Join instructors at the Elizabeth Grady School as we revisit and refine fundamental skills within facial and waxing services. This program is open to licensed estheticians and successful esthetician program graduates.

Review will include and is not limited to facial and body waxing and an overview of the facial process with emphasis on analysis, facial massage, and extraction. Additionally we will review some of the theoretical foundations of skin physiology and histology in relationship to the practical application of esthetics.
