Massachusetts Massage Therapy Licensing Information

Licensure is the process by which an agency or state government grants permission to an individual to practice in a particular profession, vocation, or occupation. Licensure protects the general public by ensuring that only those individuals who are competent to practice safely are licensed. It is the state regulatory agency's responsibility to establish the acceptable level of safe practice. A state license to practice is required for both Estheticians and Massage Therapists in the State of Massachusetts. If you are enrolling from another state or country or have plans for relocation, please check with your state or government to determine licensing,

The Massage Therapy profession is regulated by the State Board of Massage Therapy, a division of the Massachusetts Division of Professional Licensure. To become licensed, you will need to provide proof of successful completion of a state approved massage therapy program with a minimum of 650 clock hours. You will also need to submit a completed application, CORI check, proof of insurance, and appropriate licensing fee.

Esthetician Licensure

Licensure is the process by which an agency or state government grants permission to an individual to practice in a particular profession, vocation, or occupation. Licensure protects the general public by ensuring that only those individuals who are competent to practice safely are licensed. It is the state regulatory agency's responsibility to establish the acceptable level of safe practice. A state license to practice is required for both Estheticians and Massage Therapists in the State of Massachusetts. If you are enrolling from another state or country or have plans for relocation, please check with your state or government to determine licensing.

The Esthetics profession is regulated by the State Board of Cosmetology, Barbering, and Electrology, a division of the Massachusetts Division of Professional Licensure. To become licensed, you will need to provide proof of successful completion of an esthetics program with a minimum of 300 clock hours. Please note that 90% of U.S. states require 600 hours or more and that the Elizabeth Grady School recommends 600 hours of training for licensure. Graduates of esthetician programs are required to sit for the MA State Board Examination for Estheticians prior to receiving a license to practice. More details regarding examinations can be found at <http://www.pearsonvue.com/ma/cosmetology/>

Massachusetts General Laws Regarding Esthetician Licensure

1. Only after passing a written and practical examination satisfactory to the Board may an applicant be registered as an operator and may practice hairdressing and aesthetics for compensation. The operator must work under the supervision of a hairdresser or an aesthetician. (M.G.L. Chapter 112, Section 87)
2. Any registered operator who has had at least two (2) years of practical experience under the Mon-Fri 9:30-1:30 may apply (this is not automatic) for a hairdressing or an aesthetician license and may then supervise operators. (M.G.L. Chapter 112, Section 87W)
3. An owner of a hairdressing or manicurist shop shall not employ anyone who is not properly registered by the Board. Each registered shop shall employ a hairdresser or an aesthetician to supervise no more than three (3) operators employed therein. (M.G.L. Chapter 112, Section 87AA)
4. The Board shall make such uniform and reasonable rules and regulations as are necessary for the proper conduct of business. These regulations are 240 C.M.R. 3.00-6.00 (M.G.L. Chapter 112, Section 87CC)

Financial Aid Information

Financial Aid is available to those who qualify. Students enrolled or who plan to enroll in the 600 hour esthetician program and/or the 650 and 750 Hour Massage Therapy Programs may apply for financial aid online or may contact Melissa Sandberg at 781-960-0114 or msandberg@elizabethgrady.com for assistance with the process.

To process your financial aid application, you will need several documents mentioned below. Go online to the websites noted to perform the necessary steps to complete your FAFSA (free application for federal student aid). No other application or information is required to be eligible for Financial Aid. However, if you are selected for verification or have an error code during the application process, you may need to provide the Financial Aid office with additional documentation. Elizabeth Grady assesses the student's eligibility for assistance under the Title IV and Higher Education Act programs.

Step One: Gather the documents needed

- Your social security number. Double check to make sure that it is correct.
- Your driver's license (if any)
- Your alien registration or permanent resident card (if you are not a U.S. citizen)
- Your W-2 Forms and other records of money earned in the previous year
- You (and your spouse's, if you are married) Federal Income Tax Return from the previous year
 - IRS 1040, 1040A, 1040 EZ
- Your Parent's Federal Income Tax Return from the previous year (if you are a dependent student).
- Your untaxed income records
 - Veterans non-education benefit records
 - Child support received
 - Worker's compensation
- Your current bank statements
- Your current business and investment mortgage information, business and farm records, stock, bond and other investment records

Step Two:

1. Create a FSA ID and password at fsaid.ed.gov (make sure to verify your cell phone number and email address); Dependent students will also need a parent to create a FSA ID and password.
2. Go to fafsa.ed.gov
3. Hit the "Start Here" button under the appropriate heading (New to FAFSA.gov or Returning User).
4. Fill out the information requested.
5. You will be asked to enter our school code, which is **017080**
6. If able, use the IRS Data Retrieval Tool to upload your tax information (dependent students will also do this for their parent(s)).
7. Sign and submit
8. Once, the FAFSA is submitted, the school will contact you via email within 3 to 4 days.

Step Three:

1. Go to studentloans.gov. On this website you will fill out both the "Entrance Counseling" and the "Master Promissory Note" (MPN). This will take about 30 minutes to complete. **Please note:** you are *required* to do both if you plan on borrowing any money to finance your education. You will identify yourself as an undergraduate student and use the same FSA ID and password as your FAFSA.
2. Once, the Entrance Counseling is completed, you can move on to the MPN and complete that.
3. You will be required to complete an Exit Counseling two weeks before the class end date.

Step Four:

1. You may now continue to fill out the Master Promissory Note (MPN). Be sure to select the type of loan you will be applying for (MPN for Subsidized/Unsubsidized Loans or Plus MPN for Parents).
2. It is extremely important to provide all requested information. If you should miss or skip any requested items, your Master Promissory Note (MPN) will not be submitted.

Once, your information has been entered and processed, it will take approximately 3 to 4 days for the school to receive your information. At that time, the student can call the financial aid office at 781-960-0114, for further information on eligibility status.
