

# INTENSE-PULSED LIGHT FOR PHOTOFACIALS AND HAIR REMOVAL

Intense Pulsed Light (IPL) services are becoming mainstream esthetics services for permanent hair reduction and for the treatment of undesirable hyperpigmentation, redness and signs of aging. IPL is non-invasive and results can be seen with as little as one treatment although multiple treatments are recommended for best results.

Expand your knowledge and scope of practice with Elizabeth Grady's 30-hour IPL certificate training program. IPL training will include both didactic and hands-on training with emphasis on safety and efficacy.

Training will include the following:

- Laser and Light Science
- Laser and Light Safety
- Sanitation
- Equipment Use and Safety Protocols
- Skin Histology, Physiology, and Typing
- Indications and Contraindications
- Service documentation
- Photofacial Treatment Protocols and Practice
- IPL Hair Removal Service Protocols and Practice
