ELIZABETH GRADY

SCHOOL OF ESTHETICS & MASSAGE THERAPY

Dear Student:

The Elizabeth Grady School requires all students to be tested for tuberculosis prior to beginning the program. This test is an intra-dermal antibody test that requires the individual being tested to return to the medical facility 48-72 hours to be read after being planted. Test results must be dated within one year of beginning your program. If you have had a TB test in excess of one year of your start date, you must have another.

We are dedicated to promoting a healthy environment for our students, staff and clients. Testing can be performed by your regular physician or at any neighborhood clinic or hospital. Should you test positive, you are required to undergo proper treatment as prescribed by a medical doctor and/or have the results of a chest x ray with your physician stating you are able to fully participate in the program without risk to others.

Please have your physician complete the documentation below or have them supply their own documentation of your test results. Submit results to the admissions department before beginning the program. This is a requirement for admission to our program.

Sincerely,

Cate Tool
