Esthetics Program Information

The Elizabeth Grady School's Esthetics programs have been fashioned to provide information and tools required to build a lucrative practice in the esthetics industry. The 600-hour program prepares students to successfully pass the Massachusetts State Board Exam and become a licensed esthetician. Students who desire to obtain their license in another state, country, or foreign jurisdiction should check their educational and licensing requirements prior to enrollment.

The Elizabeth Grady School offers students a variety of flexible schedules. The school offers programs conducted 100% onsite or in a hybrid format. The hybrid program delivers twenty-five percent (25%) of the scheduled program hours online via distance learning methods. Please reference the program outline for a description of subject matter presented online on pages 13-18. Seventy-five percent (75%) of scheduled hours are devoted to hands-on and interactive learning and are conducted onsite. All esthetics programs offered for Fall 2022 will be delivered in a hybrid format.

The 900 Hour (additional 300 hours) Advanced Esthetics Program was put on hold due to Covid and we anticipate offering this program in 2023. The 900-clock hour Advanced Esthetics program combines the core 600-hour curriculum with an additional 300 hours of advanced education. The advanced program has been developed for those students with a desire to explore advanced techniques, services, and sciences that extend beyond the more common skin care, hair removal, and beauty services covered in the basic 600-hour program. These additional 300 hours will be available in a hybrid format only and more detail will follow in 2023. Graduates of the additional 300 hours will receive additional certificates for successful completion in the specialties of Microdermabrasion, Intense Pulsed Light for Hair Removal and Photofacials, Dermaplaning, Spa Therapies, and Airbrush Tanning and Makeup.

Massachusetts Division of Professional Licensing Board of Cosmetology and Barbering Board Policy No. 2019-01

It is an important distinction to make that the minimum requirement for licensing for esthetics is 600 hours. Per the Massachusetts Division of Professional Licensing Board of Cosmetology and Barbering Board Policy No. 2019-01, students enrolling in a 900 Hour Advanced Esthetics Program will be required to acknowledge the following statement when completing their Enrollment Agreement Contract: "I UNDERSTAND THAT I AM ENROLLING IN A PROGRAM THAT INCLUDES MORE THAN THE STATE REQUIREMENTS FOR A LICENSE. I UNDERSTAND THAT IF I SUCCESSFULLY COMPLE THE MINIMUM NUMBER OF EARNED HOURS REQUIRED FOR A LICENSE IN AESTHETICS, I AM ENTITLED TO TAKE THE BOARD EXAMINATION AND IF PASSED, BE A LICENSED AESTHETICIAN."

Students choosing to enroll in the 900-hour advanced esthetics program must meet all 600-hour program completion requirements prior to continuing with the additional 300 advanced educational hours. Additionally, please note that hours of training completed beyond the 600-hour minimum requirement shall be considered as additional, advanced training. Although students may find the added knowledge and skills beneficial to their careers, the additional hours do not lead to any type of advanced degree or license. Very few states differentiate levels of licensure in the field of esthetics.

2020 Consumer Information- Esthetician Program

The following esthetics Programs Consumer Information- Graduation, Licensing, and Placement Rates as reported to NACCAS (National Accreditation Commission of Career Arts and Sciences)

	NACCAS 2020 Annual Report Statistics	Elizabeth Grady School Statistics based on number of eligible graduates reporting	Massachusetts Placement Disclosures per 940 CMR 31.05 (4) (b) 1.
Graduation Rate	76.56%	N/A	N/A
Placement Rate	65.99%*	89%** (74% of 2020 esthetician program graduates responding)	0%***
Licensure Rate	95%	N/A	N/A

Graduation Rate:

This measures the number of students who started their program and completed the program. Students who do not complete a program may have chosen to leave the program, may have left with the intention to return and complete at a later date, or may be dismissed due to inability to maintain satisfactory academic progress or for disciplinary reasons.

Placement Rates:

*NACCAS Placement Rate: Per our accrediting body, the National Accrediting Commission of Career Arts and Sciences (NACCAS), graduates from the reported year who have gained employment in a field for which their training prepared them may be considered as placed. The Elizabeth Grady School verifies employment in a variety of ways acceptable by NACCAS including: Follow-up surveys, emails, telephone calls, and/or text messages, official flyers or advertisements from the employer, graduate self-certifications, and/or social networking posts made by graduates or their employers. Statistics include part- or full- time employment.

NACCAS statistics include all graduates from the annual report year eligible for placement, including those who do not respond to surveys, emails, telephone calls, etc. Non-responders are counted as not placed.

**The Elizabeth Grady School Placement Statistic based on number of students responding: The School utilizes the information obtained for its Annual Report to create placement statistics based on the number of graduates responding. Responders are defined as graduates responding to surveys, emails, phone calls, text messages, and/or able to be verified online through social media or websites. Non-responders are defined as graduates who failed to respond to surveys, emails, phone calls, text messages, and/or were not able to be verified online through social media or employer websites.

***MA 940 CMR 31.05 (4) (b) 1. Statistic: The Elizabeth Grady School is unable to verify the required statistic as required by 940 CMR 31.05 (4) (b) 1. "Placement Rates. [Graduate placement rate] of graduates during [latest two calendar years] obtained full-time, non-temporary jobs in their field of study. [Total placement rate] of students that enrolled in the program during [latest two calendar years] obtained full-time, non-temporary jobs in their field of study." Therefore, this statistic remains 0%.

Licensure Rates: This measures the number of students who chose to take their state board exam and became licensed in Massachusetts.

Esthetician Licensure

Licensure is the process by which an agency or state government grants permission to an individual to practice in a particular profession, vocation, or occupation. Licensure protects the public by ensuring that only those individuals who are competent to practice safely are licensed. It is the state regulatory agency's responsibility to establish the acceptable level of safe practice. A state license to practice is required for both Estheticians and Massage Therapists in the State of Massachusetts. If you are enrolling from another state or country or have plans for relocation, please check with your state or government to determine licensing,

The Esthetics profession is regulated by the State Board of Cosmetology, Barbering, and Electrology, a division of the Massachusetts Division of Professional Licensure. To become licensed in Massachusetts, in addition to other states, you will need to provide proof of successful completion of an esthetics program with a minimum of 600 clock hours. Graduates of esthetician programs are required to sit for the MA State Board Examination for Estheticians prior to receiving a license to practice. More details regarding examinations can be found at <http://www.pearsonvue.com/ma/cosmetology/>

Esthetician students and licensees should become familiar with the laws and regulations that govern the practice of Esthetics in any state, country, or foreign jurisdiction in which they practice. Massachusetts General Laws, Chapter 112, Sections 87T through 87KK and Regulations 240 CMR are the laws and regulations that govern and provide oversight for Esthetics in Massachusetts and can be accessed online at <https://www.mass.gov/lists/statutes-and-regulations-cosmetology-and-barbering#statutes-governing-cosmetology,-barbering-and-electrology->

Per NACCAS, Policy VI.02, Item 5, academic achievement earned via distance education may not be accepted for reciprocity or eligible for licensure in other states. Please note that Massachusetts and New Hampshire will accept satisfactory academic achievements completed online. Graduates who plan to become licensed in another state should reach out directly to the state licensing agency in their respective state.

CORI and SORI Requirements for Massachusetts Licensure:

Massachusetts requires all candidates undergo a Criminal Offense Record Inquiry and Sexual Offense Record Inquiry prior to being granted a license to practice massage therapy.

2020 Consumer Information- Massage Therapy Program

	NACCAS 2020 Annual Report Statistics	Elizabeth Grady School Statistics based on number of eligible graduates reporting	Massachusetts Placement Disclosures per 940 CMR 31.05 (4) (b) 1.
Graduation Rate	75 %	N/A	N/A
Placement Rate	75.76 %*	100%** (76% of 2020 massage therapy programs graduates responding)	0%***
Licensure Rate	0%****	79%*****	N/A

Graduation Rate:

This measures the number of students who started their program and completed the program. Students who do not complete a program may have chosen to leave the program, may have left with the intention to return and complete at a later date, or may be dismissed due to inability to maintain satisfactory academic progress or for disciplinary reasons.

Placement Rates:

*NACCAS Placement Rate: Per our accrediting body, the National Accrediting Commission of Career Arts and Sciences (NACCAS), graduates from the reported year who have gained employment in a field for which their training prepared them may be considered as placed. The Elizabeth Grady School verifies employment in a variety of ways acceptable by NACCAS including: Follow-up surveys, emails, telephone calls, and/or text messages, official flyers or advertisements from the employer, graduate self-certifications, and/or social networking posts made by graduates or their employers. Statistics include part- or full- time employment.

NACCAS statistics include all graduates from the annual report year eligible for placement, including those who do not respond to surveys, emails, telephone calls, etc. Non-responders are counted as not placed.

**The Elizabeth Grady School Placement Statistic based on number of students responding: The School utilizes the information obtained for its Annual Report to create placement statistics based on the number of graduates responding. Responders are defined as graduates responding to surveys, emails, phone calls, text messages, and/or able to be verified online through social media or websites. Non- responders are defined as graduates who failed to respond to surveys, emails, phone calls, text messages, and/or were not able to be verified online through social media or employer websites.

***MA 940 CMR 31.05 (4) (b) 1. Statistic: The Elizabeth Grady School is unable to verify the required statistic as required by 940 CMR 31.05 (4) (b) 1. "Placement Rates. [Graduate placement rate] of graduates during [latest two calendar years] obtained full-

time, non-temporary jobs in their field of study. [Total placement rate] of students that enrolled in the program during [latest two calendar years] obtained full-time, non-temporary jobs in their field of study.” Therefore, this statistic remains 0%.

Licensure Rates:

****No licensing examination is required for massage therapy licensure in MA. Due to lack of examination, NACCAS statistic is 0%.

*****The Elizabeth Grady School was able to verify that 79% of the 2020 graduates applied for and became licensed massage therapists in the MA. 100% of 2020 Massage Therapy graduates that are reported as placed are licensed.

Statistics based on graduates from the 2020 calendar year. Please note, annual statistics are reported at year's end for the previous completed calendar year. 2021 calendar year statistics are expected to be published December 2022.

Massage Therapist Licensing Information

Licensure is the process by which an agency or state government grants permission to an individual to practice in a particular profession, vocation, or occupation. Licensure protects the general public by ensuring that only those individuals who are competent to practice safely are licensed. It is the state regulatory agency's responsibility to establish the acceptable level of safe practice. A state license to practice is required for both Estheticians and Massage Therapists in the State of Massachusetts. If you are enrolling from another state or country or have plans for relocation, please check with your state or government to determine licensing,

The Massage Therapy profession is regulated by the State Board of Massage Therapy, a division of the Massachusetts Division of Professional Licensure. To become licensed, you will need to provide proof of successful completion of a state approved massage therapy program with a minimum of 650 clock hours. You will also need to submit a completed application, CORI check, proof of insurance, and appropriate licensing fee.

Massage Therapy students and licensees should become familiar with the laws and regulations that govern the practice of Massage Therapy in any state, country, or foreign jurisdiction in which they practice. Massachusetts General Laws, Part 1, Title XVI, Chapter 112, Sections 227 through 235 and Rules and Regulations 269 CMR are the laws and regulations that govern and provide oversight for Massage Therapy in Massachusetts and can be accessed online at <https://www.mass.gov/lists/statutes-and-regulations-massage-therapy>

Per NACCAS, Policy VI.02, Item 5, academic achievement earned via distance education may not be accepted for reciprocity or eligible for licensure in other states. Please note that Massachusetts and New Hampshire will accept satisfactory academic achievements completed online. Graduates who plan to become licensed in another state should reach out directly to the state licensing agency in their respective state.

CORI and SORI requirements for Massachusetts

Licensure:

Massachusetts requires all candidates for licensure undergo a Criminal Offense Record Inquiry and Sexual Offense Record Inquiry prior to being granted a license to practice massage therapy.

Financial Policies and Information

What is Financial Aid?

There are different types of funding available to students. When using the term “financial aid”, we are referencing U.S. governmental loans and grants outlined in the next section, Types of Financial Aid Available.

Financial Aid is available to those who qualify. Students enrolled or who plan to enroll in the 600-clock hour esthetician program and/or the 650 and 750-clock Hour Massage Therapy Programs may apply for financial aid online or may contact Melissa Sandberg at 781-960-0114 or msandberg@elizabethgrady.com for assistance with the process.

Types of Financial Aid Available

Pell Grant – A need based grant, considered a gift given to U.S. citizens and eligible non-citizens. Pell grant does not have to be paid back.

Mass Grant – A need based grant, considered a gift given to full-time (30 hours per week) students that are legal residents of the Commonwealth of MA from the Massachusetts Office of Student Financial Assistance.

Subsidized Loan – A subsidized loan is a low interest loan and must be paid back. It is based on financial need and not credit based. Interest does not accrue or payments due while attending school and during the grace period*. The amount varies based on the program and eligibility.

Unsubsidized Loan – An unsubsidized loan is a low interest loan and must be paid back. It is not based on financial need and not credit based. Interest accrues immediately. The interest may be paid, but payments are not due while attending school and during the grace period*. The amount varies based on the program and eligibility.

PLUS Loan – A PLUS loan is a loan that a parent of a dependent student can take out to assist in funding their child’s education. The PLUS loan is a credit based loan. The maximum amount of the loan is based on the cost of attendance of the program. Interest accrues on this loan immediately and goes into repayment within 60 days from the first disbursement. If the parent is denied the PLUS loan based on credit, the dependent student qualifies for the independent student loan amounts listed.

*Grace Period – Payments of the subsidized and unsubsidized loans are not due until after the six-month grace period. The grace period starts once the students’ enrollment drops below half time, withdraws or graduates.

How to Apply for Financial Aid

To process your financial aid application, you will need several documents mentioned below. Go online to the websites noted to perform the necessary steps to complete your FAFSA (free application for federal student aid).

Students should submit the FAFSA no later than three calendar days of the beginning of the respective program. No other application or information is required to be eligible for Financial Aid. However, if you are selected for verification or have an error code during the application process, you may need to provide the Financial Aid office with additional documentation. Additional documentation must be submitted within seven calendar days following the student's start date to remain in the program. Elizabeth Grady assesses the student's eligibility for assistance under the Title IV and Higher Education Act programs.

Follow these steps to complete your free application for federal student aid:

Step One

Gather the documents needed:

- Your social security number. Double check to make sure that it is correct.
- Your driver's license (if any)
- Your alien registration or permanent resident card (if you are not a U.S. citizen)
- Your W-2 Forms and other records of money earned in the previous year
- You (and your spouse's, if you are married) Federal Income Tax Return from the previous year
 - IRS 1040, 1040A, 1040 EZ
- Your Parent's Federal Income Tax Return from the previous year (if you are a dependent student).
- Your untaxed income records
 - Veterans non-education benefit records
 - Child support received
 - Worker's compensation
- Your current bank statements
- Your current business and investment mortgage information, business and farm records, stock, bond and other investment records.

Step Two

- a. Create a FSA ID and password at studentaid.gov (make sure to verify your cell phone number and email address); Dependent students will also need a parent to create a FSA ID and password.
- b. Once, the FSA ID is created, you will log in to studentaid.gov and click on "Apply for Aid" and then click on "Complete the FAFSA Form".
- c. Hit the "Start Here" button under the appropriate heading (New to the FAFSA or Returning User).
- d. Fill out the information requested.
- e. You will be asked to enter our school code, which is 017080

- f. If able, use the IRS Data Retrieval Tool to upload your tax information (dependent students will also do this for their parent(s)).
- g. Sign and submit
- h. Once, the FAFSA is submitted, the school will contact you via email within 3 to 4 days.

Step Three

- a. Go to studentaid.gov. On this website you will fill out both the “Entrance Counseling” and the “Master Promissory Note” (MPN). This will take about 30 minutes to complete. Please note: you are required to do both if you plan on borrowing any money to finance your education. You will identify yourself as an undergraduate student and use the same FSA ID and password as your FAFSA.
- b. Once, the Entrance Counseling is completed, you can move on to the MPN and complete that.
- c. You will be required to complete an Exit Counseling two weeks before the class end date.

Step Four

- a. You may now continue to fill out the Master Promissory Note (MPN). Be sure to select the type of loan you will be applying for (MPN for Undergraduate Student Subsidized/Unsubsidized Loans or Plus MPN for Parents).
- b. It is extremely important to provide all requested information. If you should miss or skip any requested items, your Master Promissory Note (MPN) will not be submitted.

Once, your information has been entered and processed, it will take approximately 3 to 4 days for the Elizabeth Grady school to receive your information. At that time, the student can call the financial aid office at 781-960-0114, for further information on eligibility status.

Satisfactory Academic Progress Policy

Satisfactory Academic Progress measures a student's progress in academics and attendance. The Elizabeth Grady School of Esthetics and Massage Therapy's Satisfactory Academic Progress (SAP) Policy is consistently applied to all students enrolled in a specific NACCAS (National Accreditation Commission of Career Arts and Sciences) approved program and scheduled for a particular category of attendance (part-time, three-quarter time, and full- time). The SAP policy is printed in the school catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by NACCAS and the federal regulations established by the U.S. Department of Education.

Satisfactory Academic Progress as it relates to Academic Performance

Qualitative factors determine academic performance using grades, and/or work projects completed, and/or comparable factors measured against the norm. The following factors are measured to determine academic progress in all Elizabeth Grady School NACCAS approved programs:

- Written Test Grades
- Assigned Project Grades
- Assigned Homework
- Hands-on Skills Assessment
- Professionalism

Students must maintain a cumulative grade average at a minimum of 70% (C grade average) in order to be considered making SAP.

Failure to Meet Minimum SAP Requirements Relative to Academic Performance

Students who fail to meet minimum SAP requirements (70% academic average) on the SAP evaluation dates will be placed on probation. The student will be provided an academic plan that, if followed will ensure the student is able to meet the school's SAP requirements by the second evaluation point.

In the event a student fails to attain a minimum 70% academic average by the second evaluation point, the student will be considered to have failed the respective program's course module and may retake any course module/section of course module, i.e. specific subject material that they failed to attain a 70% average. Students required to retake a course material will be assessed a \$25.00 per hour fee. A student may appeal the school's decision in writing. (See section on Appeal).

Measurement of Satisfactory Academic Progress- Grading

Assigned work will be evaluated and graded according to the following scale:

90-100	A	Excellent
80-89	B	Good/Above Average
70-79	C	Satisfactory/Average
69 and below	D, F	Unsatisfactory

Evaluation and Determination of SAP Relative to Academic Performance

Two Satisfactory Academic Progress Evaluation Reports are given during the student's respective program. Satisfactory Academic Progress (SAP) Reports include the student's cumulative grade average and rate of attendance.

The first evaluation will occur at the scheduled midpoint of the respective program's scheduled hours while the second will occur at the scheduled completion of hours. (See Table under SAP Evaluation Periods). All evaluations will be completed within seven (7) School Business Days following the evaluation point.

Students who meet minimum requirements are considered to be making Satisfactory Academic Progress until the next scheduled evaluation. Per MA 230 CMR 15.01(10), a written progress report will be provided by the time 50% of the course has been completed, either in person or via an online student portal.

Satisfactory Academic Progress Evaluation Periods Measured in Clock Hours

PROGRAM	First SAP Report	Second SAP Report

A progress report must be provided by the time 50% of the Course has been completed.

Satisfactory Academic Progress as it relates to Attendance

Quantitatively, students are evaluated on attendance. A student must maintain an

attendance rate no lower than 90% to be considered making SAP.

Failure to Meet Minimum SAP Requirements Relative to Attendance

Students who fail to meet minimum SAP attendance requirements (90% attendance rate) will be considered to have an Unsatisfactory SAP status and will be asked to withdraw from the program and may transfer hours completed to date and return in another program at the point they left of at a future date.

In the case a negative SAP finding is due to absences because of mitigating circumstances such as death of a family member, illness, or injury, a student may appeal the Elizabeth Grady School's decision.(See section on Appeal). If the student prevails upon appeal, the student will be placed on academic probation (See section on Probation).and the student is considered to be making SAP. The student will be provided an academic plan to assist in making up missed hours that, if followed will ensure the student is able to meet the school's SAP requirements by the second evaluation point.

Evaluation and Determination of SAP Relative to Attendance

Two Satisfactory Academic Progress Evaluation Reports are given during the student's respective program. Satisfactory Academic Progress (SAP) Reports include the student's rate of attendance and cumulative grade average.

The first evaluation will occur at the scheduled midpoint of the respective programs' scheduled hours while the second will occur at the scheduled completion of hours. (See Table under SAP Evaluation Periods). All evaluations will be completed within seven (7) School Business Days following the evaluation point.

Students who meet minimum requirements are considered to be making Satisfactory Academic Progress until the next scheduled evaluation. Per MA 230 CMR 15.01(10), a written progress report will be provided by the time 50% of the course has been completed, either in person or via an online student portal.

the time 50% of the Course has been completed.

Satisfactory Academic Progress and Title IV Funding Relative to Academics and Attendance

Students who do not achieve the minimum Satisfactory Academic Progress requirements, relative to academics or attendance, will no longer be eligible to receive Title IV funding or may have their funding interrupted until becoming compliant with Satisfactory Academic Progress requirements, unless the student has prevailed upon appeal of the negative SAP determination. This will then result in the student being placed on probation. The Elizabeth Grady School will notify students of any evaluation that affects the student's eligibility for financial aid, as applicable.

Appeal documents will be reviewed and a decision will be made and reported to the student within fourteen (14) calendar days. The appeal and decision documents will be retained in the student file. During this time, the student should continue to attend all scheduled classes. If the student prevails upon appeal, the Elizabeth Grady School will place the student on academic probation and Federal Financial Aid will be reinstated, as applicable.

Probation

Students who fail to meet minimum SAP requirements and prevail upon appeal will be placed on academic probation and considered to be making Satisfactory Academic Progress during the probationary period. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the next evaluation period may be placed on probation. Students placed on probation may be provided an academic plan to assist them in meeting SAP requirements by the end of the maximum timeframe. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress.

Withdrawal

Any student who withdraws from their respective program should provide written notice to the Elizabeth Grady School Administration. A student absent for fourteen (14) consecutive days without notice or documentation will automatically be withdrawn from the program. Course incompletes have no effect upon the school's SAP standards.

MA 230 CMR 15.04 (7) and (8)

- (7) If a student withdraws from a Program in accordance with the school's withdrawal policy, the school shall:
- (a) treat the withdrawal as a termination of the enrollment contract, effective immediately;
 - (b) complete a refund calculation for the student, including all fees and payments, in a form acceptable to the MA DPL; and
 - (c) provide the calculation and any refund to the student within 45 days of the effective date of the termination.
- (8) If a student stops attending School but does not withdraw in accordance with the school's withdrawal policy, the school shall:
- (a) for purposes of any payments due from the student or refund due to the student, treat the student's nonattendance as a termination of the enrollment contract, effective no later than the last date of attendance or last participation in an instructional activity;
 - (b) determine the effective date of the termination within 30 days after the end of the period of enrollment, the term, or the program, whichever is earliest;
 - (c) complete a refund calculation for the student, including all fees and payments, in a form acceptable to the MA DPL; and
 - (d) provide the calculation and any refund to the student within 45 days from the date the school determines the effective date of termination under 230 CMR 15.04 (8)(b).

Re-entry

A student who withdraws from the program may be given the opportunity to re-apply, re-enroll, and re-enter on a date provided by the Admissions Department. A student making Satisfactory Academic Progress (SAP) at the point of withdrawal may apply for re-enrollment in the Elizabeth Grady School and will be considered to be making SAP at the point of re-entry. All hours completed prior to withdrawal will be credited to students, upon re-entry, who completed those hours within three (3) calendar years of the date of re-entry and who withdrew while making SAP.

Students not making SAP at the point of withdrawal may apply for re-enrollment in the Elizabeth Grady School and if accepted will re-enter with the same SAP status in which they left. All incomplete requirements must be completed upon re-entry. Course incompletes have no effect upon the school's SAP standards.

Repetition

Students deemed unable to come into SAP will be required to repeat all or part of the program. Students who completed hours more than three (3) calendar years prior to the point of re-entry may be required to complete all or part of the program. Course repetition has no effect upon the school's SAP standards.

Leave of Absence

The Elizabeth Grady School does not grant leaves of absence. Students who desire a temporary interruption of their education may request a transfer of hours to a new program at the point they left off. See policy on Transfer Hours and Course Credits.

Transfer Hours and Course Credits

The Elizabeth Grady School of Esthetics and Massage Therapy students may request to change schedules within the same program. The Elizabeth Grady School will transfer the student's completed hours from their original contracted program schedule towards the completion of the same program within a new schedule.

Students transferring to a new schedule will begin at the same point at which they left with consideration to attendance and academic progress to date. Students are required to complete and sign a Transfer Form as an amendment to their contract.

Upon receipt of a signed Transfer Form, the student is withdrawn from their current program and re-enrolled in their new program schedule, per their Transfer Form. Transfer students will re-enter with the same SAP status in which they left.

The Elizabeth Grady School does not accept transfer hours from other institutions. Non-credit remedial courses, incompletes, and repetitions have no effect upon the Elizabeth Grady School's Satisfactory Academic Progress standards.

Right to Access: The Elizabeth Grady School of Esthetics and Massage Therapy guarantees the right of the student and parent, if the student is a dependent minor, to have access to their cumulative records including, but not limited to Satisfactory Academic Progress evaluation results. The school will provide proper supervision and interpretation of student records when they are being reviewed. Distance Education Policies, Expectations, and Etiquette

The online distance learning standards and etiquette listed herein is expected of every student during online classes. Instructors may private chat with any student who does not comply with the online class etiquette standards as a reminder of required online class protocols. Instructors reserve the right to dismiss a student from online classes who do not meet these standards.

1. All students are expected to be logged on to the appropriate Zoom ID# and ready for class at the scheduled start time. Your instructor will validate your participation through regular monitoring and documenting online class attendance.
2. Your knowledge and performance of online content will be assessed monthly through onsite discussion, interactive assessments, and/or testing, written and/or hands-on. Instructors will also monitor student participation during online class discussions, Q&A, online polling, electronic quizzes, etc. Your instructor may also call on you to assure your participation and interaction with others is substantive.
3. Students should be in dress code, as outlined in the *Policies and Procedures Handbook*. All students should wear an Elizabeth Grady School uniform T-shirt in addition to all other dress code and hygiene requirements.
4. Students must appear on camera during the entire Zoom class. Students not visible online will be considered absent. Instructors reserve the right to waive this requirement in the event unexpected technological issues or extenuating circumstances occur and they have been communicated with the instructor and approved in advance, and said circumstances allow for regular verbal interaction to assure attendance and class participation.
5. Cameras should be focused on the students face during class unless otherwise requested. The instructor may request that the student reposition the camera to focus on the students' hands and mannequin head when being introduced new hands-on techniques. Distance Education will not be utilized as a method of delivery of clinical instruction in which the student is to perform practical applications on a live model and/or client.
6. Microphones/audio should remain on mute through the duration of the class except when asking questions or contributing to class discussion. This will help to prevent background sound pollution and prevent reverberation of sound.

7. We encourage interactive learning and class discussion. Please raise your hand or simply unmute yourself and offer points of discussion or ask questions.
8. Students attend online classes in a location where you are able to focus your attention on what you are learning and where there are minimal distraction to the said student and others attending the online class. Instructors reserve the right to dismiss you from class if you are driving, riding in a car, or in a location whereby there are many distractions.
9. Short breaks are given regularly so that students may use the bathroom, have a snack, and get up and move. We ask that you remain on camera during scheduled class time unless necessary.
10. Students participating in online education shall not invite any third party not currently enrolled in said students program nor share class codes or intellectual property of Elizabeth Grady with any third party. Unauthorized audio or videotaping online classes is strictly prohibited.
11. Upon completion of all curriculum requirements, the student must pass a comprehensive Academic and Practical final exam to include any applicable competencies required by the State licensure agency prior to graduation from the program.
12. Academic achievement earned via distance education may not be accepted for reciprocity or eligible for licensure in other states. If you plan to become licensed in another state, know your state's requirements in advance. Please reach out to a school administrator if you have questions.
13. Student transcripts or other documents identifying student progress (official or unofficial), list academic attainment received via distance education.
14. Students who elect to enroll in a distance education/onsite hybrid blended learning program may have limited options of making up missed hours via asynchronous distance education assignments and projects. The school will provide specific instructions for completing these assignments. The school will not credit asynchronous distance education hours unless they have been completed and submitted as directed.
